Secretary to the Government of Mysore,
His Highness the Maharaja of Mysore,
General and Revenue Departments

SIR,

I have the honor to inform you that the Vice President of the City Municipal, Mysore, in his letter No 504 dated 24th February, 1905 to me stated that a site to the south of Mr Samuel Lee's Bungalow in Channarayana Chikla at Mysore measuring 3 acres or 2 1/2 guntas was reserved for the new buildings of the Mysore Normal School. In reply I asked

letter No 8463/1303 of 23rd March 1905 to state if the site to not less than five or six acres so that there might be sufficient space for a group of the several buildings that are required and for recreation or a play ground. I received no reply from him but he now informs the Executive Engineer Mysore Division that even the small site which was once said to be reserved is not available as the City Improvement Trust Board proposes to construct houses for the Palace servants close by the site that was selected. Under these circumstances,

request that Government may be
pleased to ask the City Improvement
Trust Board to grant a suitable site
for the new buildings of the Mysore
Normal School. The buildings will consist
of a main building for the Normal
School, two Practice Schools and two
Students' Homes with the subsidiary
out-houses and offices. A healthy site
of not less than six acres will be
required. As most of the pupils have
to attend to practical agriculture
the morning in the farm which is
situated close to the old Race Course,
it is necessary that the buildings should
be erected in the western side of the sun.

Yours truly,

Sir

Your most obedient servant,

H. Prabha
